LOOKY LOU

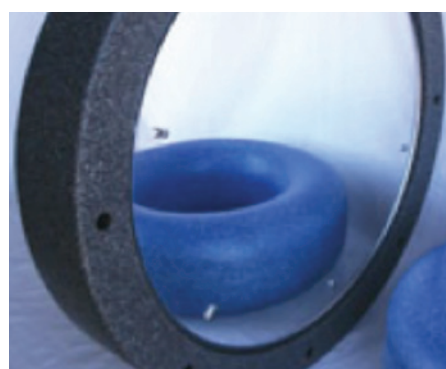

Interactive feeder

A great deal of discussion surrounds the question of animals' self-awareness. Whatever your view, this feeder is sure to offer stimulation and interest to any species that shows a high degree of intelligence and interaction.

The Looky Lou feeder is available in two sizes. It has an acrylic replaceable mirror, a 4" (10cm) fill port and a choice of double 0.75" (2cm) feeder holes on both front and rear, or single 0.5" (1.3cm) holes on the perimeter.

Construction

The 'Looky Lou' is constructed from high quality, food-grade polyethylene.
